Alexander, William John

Nov. 1916 - June 1917

(04)

DEPARTMENT OF ENGLISH.

82

University College.

TORONTO, Nov. 14th 1916

Dear President Falconer

Since the opening of the Session Professor W. P. M. Kennedy has been giving us help in certain of the Tutorial classes in English. He has been unusually successful in increasing the interest and stimulating the intellectual activities of the students. I regard it as a fortunate accident that at this particular time when our staff has been reduced that we have been able to avail ourselves of his services

Yours very sincerely

W. J. Alexander

President Falconer,

The University of Toronto

June 29th, 1917

Professor W. J. Alexander,

DeGrassi Point.

Dear Professor Alexander:

Mr Clazetrook spoke to me last night about the possibility of having a new took by Mr. Peer of New York on Anglo-American Relations" well reviewed for "The Globe". He thinks that it is going to be an important took and you may be aware that he has done a good deal in writing in a friendly way on this matter. I told Mr. Clazetrook that if you would do the review over your name I was confident there was no one whose opinion would be listened to in this matter with greater respect. Mr. Clazetbook will undertake to secure the insertion of the review in "The Globe". He will send you a took if you are willing to review it.

Hoping that you are having a pleasant holiday.

I am,

Yours sincerely,

President.
